

Community Services Agency  
**BEHAVIORAL  
HEALTH HOMES**

### **WHAT IS A BEHAVIORAL HEALTH HOME?**

Each JRI Community Service Agency (CSA) is accredited as a Behavioral Health Home, a model of care focused on integration of primary care, behavioral health and social services for children with mental health conditions. The goal is to integrate the client's medical, behavioral health and community based social services to ensure that each member's complex needs are being met in a coordinated way. This model of care is meant to supplement current practice and is not a distinctly separate service.
