

**LTSS
CARE PARTNERS**

LEARN HOW WE CAN PARTNER WITH YOU AND YOUR CHILD

WHO WE ARE

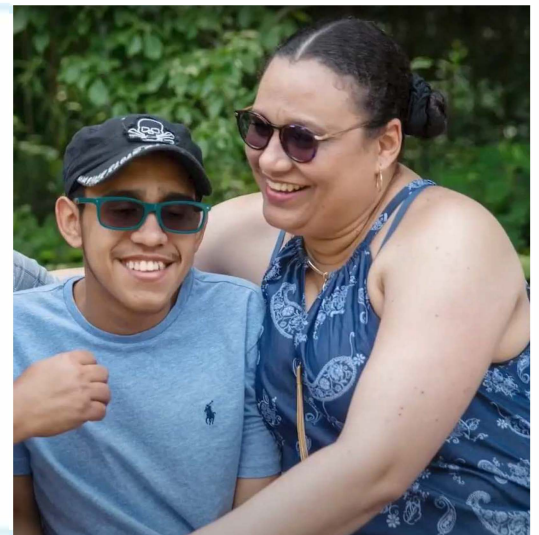

LTSS Care Partners is a team of Care Coordinators that work with your child's providers and social supports to improve access to care and resources. Many Care Coordinators are bilingual in English and other languages. This service is free and is part of your child's MassHealth insurance.

WHO WE SERVE

Ages 3 to 64 with medical and LTSS needs. We help people arrange LTSS and social services. We often work with people that have autism, physical conditions, acquired brain injury, and intellectual & developmental disabilities.

WHAT YOUR CARE COORDINATOR CAN DO:

- Identify your child's health and social needs
- Coordinate with your child's doctors and social service providers
- Support you with scheduling and keeping appointments
- Assist you in setting up transportation for appointments
- Arrange for in-home services when eligible
- Support your child's medication and nutrition needs
- Connect you to free food services such as SNAP
- Help you understand MassHealth letters and forms
- Connect you to housing, rental and utility programs and waitlists.
