

THE TERRIER TIMES

Newsletter Date: June 27, 2018

Volume 15, Issue 5

Happy Summer!

In this issue:

- Meadowridge graduation!
- School vacation
- Clubs on campus
- The Dog of the Month

Our beautiful campus is home to many animals. Animal care helps students engage in vocational tasks and regulation activities!

"Adventure is out there"

Our students engage in activities that help them identify skills, develop a sense of self and regulate, such as fishing, building the UP house and attending the Providence Pride festival!

Graduation!

Congratulations to the graduates of Meadowridge Academy

Class of 2018!

These students worked tirelessly all year to achieve graduation. Not only passing their classes on campus, but studying for and passing the MCAS as well as navigating their own personal development.

The graduating class were not the only ones celebrated at Meadowridge's graduation. Student's who excelled in each class area received awards for their dedication to the subject.

Graduation at Meadowridge was a celebration like no other! Family and community members that help our students to succeed were encouraged to come, celebrate their success, enjoy some delicious food and engage in fun summer time games!

Clubs at Meadowridge Academy

Meadowridge Academy offers a variety of different clubs to help engage students in identifying their interests, passions and talents. These clubs build on skills learned during the school year and implement those teachings in a fun and creative way.

Fishing club is a great way for students to connect to the world around them. Fishing supports students in utilizing patience and teamwork skills.

In Weird Science club students learn the extraordinary parts of their ordinary world. Learning how flowers drink, how simple materials like soap and baking soda interact with yeast and how baking soda binds with water

Rock climbing is a great way to engage students in some physical activity, as well as encourage them to utilize their regulation skills.

Rock climbing is a great way for students to see themselves making progress week after week.

Meet Duke

Breed: German Shepard, Lab,
Cattle Sleep

Age: 7 months

Favorite Food: Birds and dog
treats

Interests: Sleeping, licking walls,
jumping out of moving cars

Favorite Music: Luke Bryan

Childhood Hero: Tom Brady

Favorite Movie: The Goonies

Long walks around the coy pond

Meadowridge Academy utilizes
Animal Assisted Therapy. The
incorporation of
animals into existing therapeutic
practices has proven to create an
atmosphere of calm empathy,
where a student feels safe
and capable of exploring
their best self.

Stay tuned to next
months newsletter
where we feature
our new suite on
campus!
