

Does Wearing a Mask Affect Your Baby?

Interested Parents Why Not Consider Participating in a Research Study from Home with Your Baby!

Is your baby between 3 and 18 months? You may be eligible to participate in an at home study where you keep track over a few days how much time you wear a mask **and make a video of playing with your baby**. This study is being conducted by Drs. Ed Tronick and Nancy Snidman at the University of Massachusetts Boston. Interested parents contact Julianne Mazzawi, RN, at 617-406-9914. Participants receive a \$20 e-gift card.

Ed Tronick, Ph.D.
University Distinguished Professor
University of Massachusetts Boston
Research Associate
Harvard Medical School

Nancy Snidman, Ph.D.
Director of Research
Child Development Unit
University of Massachusetts Boston
