

Mark your Calendar: Parent Workshops for the first half of the school year

Thank you parents and guardians for your survey responses and helping us to tailor our workshops to your interests and needs this school year. Below are four opportunities for you to join and learn more information on specific topics, per your request. As we get closer each topic will have a brief description. Again, this could not have happened without YOUR input. We will have more to offer the second half of the school year.

All workshops will be VIRTUAL (*links will be sent out to registrants shortly before the workshop) and we will be skipping December!
