

MEMORANDUM

To: Caregivers/Guardians of Granite Academy Students

From: Granite Academy

Date: October 2023

Topic: ***STORM CLOSING***

As we approach the winter season, Granite Academy would like to ensure our families are fully aware of our snowstorm procedures, as we currently work with more than 30 different sending school districts.

Whenever there is a weather event that could impact the school day, we make every effort possible to post Granite Academy's specific information with the resources listed below no later than 6:00am of the weather-impacted day.

It is important to note, however, that ***the bus company transporting your child to and from Granite Academy follows the schedule of your town*** (your sending school district). Therefore if your town is delayed, canceled or has early release, the bus company follows that schedule. Students' attendance records are not penalized if/when Granite Academy is open but your school district is closed and there is no bus service for your student. Also, each district is responsible for knowing if Granite Academy is delayed, closed or has an early release. Again, we try very hard to have this posting up and available no later than 6:00am.

In the event of inclement weather—if Granite Academy must cancel, delay, or have early release—the information can be found through the following sources:

Channel 7, WHDH TV

<http://whdh.com/storm-closings-delays>

The closing on Channel 7 online it will be listed under "Private Schools"

Channel 5, WCVB

<https://www.wcvb.com/>

The closing on Channel 5 online will be listed under "Private Schools"

Email Blast/One Call

An email/text will be sent out to all parents indicating the delay, cancellation or early release

Best,

Amy Barber, M.Ed., LMHC

Head of School
