

An Act to Increase Access to Menstrual Products in Prisons, Homeless Shelters and Public Schools (H.2354 & S.2730)

Lead Sponsors Senators Jehlen and Representatives Barber, Livingstone

1/2

the world menstruates.

MENSTRUAL PRODUCTS ARE ESSENTIAL

The I AM bill would ensure access to free menstrual products, without stigma, to all menstruating individuals in *all* public schools, homeless shelters, prisons and county jails.

Non-menstruating people go into a bathroom expecting their basic bodily needs to be met – this is not the case for menstruators.

No one should have to choose between food, a roof over their head, their education, and access to menstrual products. Yet every day in Massachusetts, menstruators are forced to make exactly that choice.

BY ENDING PERIOD POVERTY WE'RE TACKLING ECONOMIC INEQUALITY, EDUCATIONAL INEQUALITY & HEALTH INEQUALITY

Approximately 1 out of 7 children in MA is living in poverty and struggles to pay for menstrual products.

The federal government does not allow food stamps to be used to pay for menstrual products.

Inability to access menstrual products affects students' class attendance and productivity. Over half of MA school nurses reported seeing students miss class to get menstrual products.

Restricted access to menstrual products means that they can be used as bargaining chips and tools of control.

In 2019, 20,000+ people were homeless in Massachusetts – up 14% since 2018. Since the pandemic, we know the state of homelessness is even more dire.

Massachusetts shelters report menstrual products are among the least donated items to homeless shelters.

PERIODS DON'T STOP FOR PANDEMICS. IN FACT, PERIOD POVERTY HAS GOTTEN WORSE.
